Product description

- design: tensile strength, with metallic insulation support
- insulation: PVC
- temperature range: -10 °C up to +70 °C

Product properties

Material thickness	0,5 mm
Terminal Thickness	0,8 mm
Temperature resistant	-10 °C – 70 °C
Nominal cross section	> 2,5 - 6 mm ²
Terminal Width	6,3 mm
Insulation material	PVC
I2	8 mm
Colour	yellow
Version	with metallic insulation support
Material	Brass
I1	8 mm
I	23,8 mm
Nominal size	6 mm ²
Type of packaging	500
a2	13 mm
