Product description

- protection spec.: IP 65 frontside
- temperature resistance: -25 °C up to +70 °C
- switch material: polycarbonate

Product properties

Temperature resistant -25 °C – 70 °C

Operating performance 22,0 (@AC-3 400 V) kW, 30,0 (@AC-23 415V) kW, 15,0 (@AC-3 230 V) kW

Pole 4

Type of packaging 1

Utilization category AC-23 , AC-21A , AC-3

Rated current 80,0 (@ AC-21 A) A

Protection spec. IP 65 front

Switch material Polycarbonate

Version without housing
